

# ELECTRONIC WASTE RECYCLING

Electronic waste is the fastest growing waste in North America. In continuing our commitment to waste diversion, the County of Simcoe is offering waste electronics recycling programs at selected waste management facilities. See page 5 for sites that accept electronic waste. Tipping fees may apply.

Televisions and computer monitors must be placed in the designated area, separate from other electronic equipment.

The County of Simcoe will not be responsible for personal information contained on computer hard drives, motherboards, or any other electronic device.

## ACCEPTED MATERIALS
